Microsoft has done more for American Industry and the American People over the last 10 years than most companies do during their entire existance. They offer superb products at fair prices. Unfortunately their whiney butt cry baby competition has seen fit to enlist the Zealot Federal regulators to further their own causes instead of competing on a straight up basis. In my opinion the President of the U.S. should issue an Executive Order to the Federal Trade Commission & the appropriate Judiciary directing that all chargess against Microsoft be dropped and further that Microsoft be allowed to bring suit against both Federal & State Governments for damages. It seems strange to me that the same regulators that are trying to destroy Microsoft are sitting on their hands and doing nothing while foreign interests are being allowed to destroy our steel industry. I AM AN AMERICAN AND THERE IS NO DOUBT IN MY MIND THAT WE ARE THE GREATEST COUNTRY THAT HAS EVER BEEN OR EVER WILL BE. THE REASON FOR THIS IS NOT FEDERAL REGULATION BUT IS FREE ENTERPRISE AND THE HEARTS SOULS AND TENACITY OF THE AMERICAN PEOPLE.
